Advocacy In Action

Providing business-friendly solutions to regulatory, legislative and workforce issues.

The GRCA business advocacy program serves as the front-line advocate for business and community. We provide a bridge between business, community and government and facilitate engagement of federal, state and local officials with the regional business and community stakeholders.

We evaluate member priorities through various interactive initiatives and surveys. Member input is used to establish the Chamber's Policy Agenda developed by the Council along with the Standing Issues Committees and approved by the Chamber Board. We collaborate with other organizations/groups that are engaged in similar priorities, so we can align and speak with one voice and effectively use available resources.

Family Business Alliance

“WHY” being part of
the **FBA** is important...

Privately held businesses represent the vast majority of Berks County based companies. Many of these businesses are family-owned and operated. The Berks Family Business Alliance (FBA) was established to meet the specific needs of family-owned businesses - small and large, to help guide and connect them with the resources they need to prepare their business family for generations of success. The FBA provides resources/support in many ways.

Employer Services

WHAT WE DO FOR EMPLOYERS

We offer you ways to:

- Recruit and retain workers; increase your labor pool
- Save on payroll taxes
- Reduce parking costs and/or spaces
- Get workers to work on time
- Improve attendance, enhance productivity
- Improve morale
- Achieve environmental benefits

Employers may not realize how much they influence their employees' commuting habits. We'll provide free assistance in tailoring a program to your specific needs. We come to your work site, meet with you, and help you structure a program that works best to get your workers out of their individual vehicles or out of rush hour traffic. We do all of the work; you just provide the service to your employees through our staff. Information about Commuter Services is available in both English & Spanish.

Some options that we can tailor to make a difference include:

- Carpooling & vanpooling
- Transit promotion
- Emergency Ride Home program
- Preferential parking
- Biking & walking
- Teleworking resources and training
- Scheduling, including flextime, staggered shifts and compressed work weeks
- Payroll tax savings
- Promotional & educational activities
- Onsite Parking Analysis
- Transportation Feasibility Surveys
- Carbon Footprint/VMT Reduction Reporting

Tax savings & benefits

You can reduce your payroll taxes. Section 132(f) of the Federal tax code allows employers to offer pre-tax purchases per month per employee for qualified transit and vanpooling or parking benefits. Commuter Services can show you how this works and provide the current rates. Pennsylvania Act 279 of 1982 excludes carpool and vanpool participants from the Workers Compensation Act (except for the driver of a company owned or -leased vehicle), and from overtime and minimum wage laws. It exempts carpools/vanpools from motor carrier laws.

Educational Activities

We work with human resources departments, sustainability committees, community engagement committees, wellness staff and staffing agencies within your organization to offer educational resources and activities to promote a better way to get to work. For many of our events and programs a virtual option is available as well.

Some of the activities we offer include:

- Lunch & Learn presentations
- New Hire Orientation Presentations/Informational packets
- Informational Tabling Sessions
- Tap the App Events
- Meet Your Match Events
- Sur-Prize Patrol/ Try-It Day Events
- Employee Fair Engagement Activities
- Wellness Series Integration – Featuring Carpooling/Biking/Walking Tips for Wellness
- Promotional Campaigns/Toolkits

Commute PA Rideshare and Rewards Program

We offer a comprehensive program that provides travel choices for your employees to get to and from work. The program allows employees to access transportation resources right at their fingertips. Commute PA is also available via a smartphone app on iOS and Android for ease of use.

Key Features:

- Free ridematching to find and connect with carpool partners
- Local transit route information
- Resources for bicycling and walking
- Access to Emergency Ride Home
- Ability to track green commutes
- Rewards program and monthly drawings

Emergency Ride Home

Employees using a green commute to work can enroll in the program to receive a ride home reimbursement in case of urgent need, which breaks down a major barrier to using options such as transit and carpooling. Reimbursement includes taxi-cab fare, Uber, Lyft, rental car costs, and mileage reimbursement up to \$100 per trip; 6 times a year. Please see the website for specific details on qualified emergencies and eligibility requirements.
