w2w EMPOWHER award

The EmpowHER Award celebrates the next generation of women leaders in Berks County, recognizing a young woman who exemplifies the values of Women2Women: leadership, empowerment, community impact, and the pursuit of excellence. This award is open to high school, college, and graduate students who have demonstrated a commitment to inspiring others, taking initiative, and driving positive change in their schools, communities, or personal networks.

The recipient of the EmpowHER Award is not only a leader today but a visionary for tomorrow, someone who will continue to break barriers, uplift others, and make a lasting impact in their chosen field and community.

This honor reflects Women2Women's mission to empower, connect, and mentor women at every stage of their lives and careers, with a special focus on nurturing the promise and potential of future leaders.

Email your completed form to Jackie Stiles (jstiles@greaterreading.org) by **Friday, January 15, 2027**. The award will be announced at this year's Conference & Expo in March.
